

*freshMinerals*

make up

...as pure as silk

2017

Not every woman knows what mineral make-up is. Fortunately, modern cosmetology uses natural ingredients in the manufacture of cosmetics, including the decorative ones such as powder, skin foundation, eye shadow, lipstick and more.

Mineral makeup of ***freshMinerals*** is a useful makeup which cares hides and eliminates the disadvantages while protecting and nourishing the beneficial substances of the skin. People with sensitive and allergy-prone skin can experience the benefits of a stable mineral makeup because freshMinerals is harmless to the skin.

#### Product features ***freshMinerals***

Each product of ***freshMinerals*** has unique formula capable of solving the problems of the face areas to which it is applied. For example, the tonal foundation and powder line the surface of the skin and matt it without clogging pores. Mascara enhances lashes and prevents lash loss. Lipstick moistens the lips and does not dry them.

The components of ***freshMinerals*** makeup are thoroughly tested prior to the production process. They are environment-friendly organic materials and minerals that provide useful and beneficial effect on the skin.

Leading beauticians worldwide believe that the future of cosmetology lies in natural products based industry. freshMinerals are such products. They are uniquely blended to nourish your skin and hide imperfection while allowing the skin to breathe. Our professional sets are suitable for nourishing all skin types and prevent, heal and hide problems such as dryness, cracks, spots. SPF20 sun protection factor of cosmetic products provides reliable protection of the skin from harmful UV rays. Therefore ***freshMinerals*** can be used 24 hours, 7 days a week.

The truth is - if the main reason for wrinkles making is going to bed wearing makeup, with ***freshMinerals*** you can allow yourself to look beautiful during sleep and not worry about wrinkles.

### *Features and Benefits:*

NATURAL LOOK MAKE-UP Foundation of **freshMinerals** is ideally applied on the skin and gives it a natural color, shine and impeccable smoothness, which cannot be achieved using conventional cosmetics. Unlike conventional cosmetics, freshMinerals does not create the effect of the face "mask", but it perfects the skin tone while maintaining its natural look. All the tonal resources of **freshMinerals** can be mixed together to achieve the desired tone.

STABILITY AND LONG LASTING FRESHNESS Mineral pigments clean and moisturize the skin, keeping the freshness of the day. It perfectly blends with the skin, absorbing excess oil. Brand products of **freshMinerals** are waterproof so the makeup is kept all day without re-application. **freshMinerals** powder can even be used while swimming.

USEFUL FOR SENSITIVE SKIN Thanks to its natural origin, ingredients, mineral based **freshMinerals** cosmetics are suitable even for sensitive skin.

ANTI-INFLAMMATORY EFFECTS Mineral based cosmetics containing ingredients such as titanium dioxide and zinc oxide prevent inflammatory processes. Dermatologists and plastic surgeons recommend mineral makeup to patients who have undergone laser therapy, plastic surgery or to patients suffering from skin cracks or dryness.

CONTAINS ONLY NATURAL INGREDIENTS **freshMinerals** products do not contain fats, flavors, talc, chemical and synthetic elements, artificial colors, fillers and binders. **freshMinerals** foundations do not clog skin pores. They are designed and created in order to allow your skin to breathe all day long.

NATURAL PROTECTION FROM THE SUN Titanium dioxide and zinc oxide are natural, enhanced protection from the sun. All **freshMinerals** powders include SPF 20.

"NO" ACNE **freshMinerals** cosmetics are ideal for people with skin problems like acne, atopic dermatitis, etc.
